Class Descriptions

Tournament Class Rules & Descriptions

Tournament classes are open to all competitors, regardless of previous experience. Tournaments are held to test a competitors training and performance skills in head-to-head competition. One or more of the following tournament classes may be held at this event:

- **Purina® Pro Plan® Grand Prix of Dog Agility®**
An individual competition on a standard agility course to earn qualifications towards entry to Cynosport®. At a regional championship, competitors compete through two progressive rounds to name a Regional Champion. A direct entry to a Regional Final may be earned in this tournament by earning qualifications at local qualifying events. (see tournament regulations for more details)
- **Purina® Pro Plan® Dog Agility Steeplechase®**
An individual competition on an enhanced jumpers-style course that includes both an A-frame and weave poles to earn qualifications towards entry to Cynosport®. At a regional championship, competitors compete through two progressive rounds to name a Regional Champion and to compete for prize money.
- **Purina® Pro Plan® Dog Agility Masters® Team**
A Team competition, offered locally as either a two-dog or three-dog team, to test versatility and endurance through the five core class types in USDAA rules & regulations. Offered in both formats at Regional Championships and at Cynosport®, all competitors compete against others in their respective height divisions in the individual classes, and their score from either the 2-dog or 3-dog relay is added and then aggregated with team members to name a 2-dog and 3-dog team winner. Competitors may not compete with the same dog in both the 3-dog and 2-dog tournaments when offered together. Compete at local and regional events to earn qualifications towards entry to Cynosport®.
- **Purina® Pro Plan® Masters Challenge BiathlonSM**
An individual competition on open, fast standard and jumpers courses to earn qualifications towards entry to Cynosport®.

Rules for all tournaments may be downloaded from the Internet at <https://usdaa.com/regulations/tournament-rules.cfm>, and are incorporated here in their entirety by reference. The rules include important disclosures on eligibility and advancement, start and end dates for the current tournament season qualifying period, information on special prizes and awards, advancement rules for each tournament at Regional Championships and Cynosport® championships. Regulations have not been finalized at the initial time of publication of this event test schedule. 2024 regulations shall be published no later than September 30, 2023.

Qualifications in tournament classes also count towards versatility titles (e.g., Tournament MasterSM, Agility Dog Champion® and Lifetime Achievement Awards. (see USDAA Rules & Regulations for full details.)

When the Biathlon is offered, the two classes in the Biathlon (i.e., Masters Challenge Jumpers and Masters Challenge Standard Agility) are also concurrently scored for titling purposes pursuant to rules set forth in [Chapter 12 of USDAA Rules & Regulations](#), which are incorporated here in their entirety by reference. Qualifying scores earned in each round of the tournament are recorded for tournament, title, and lifetime achievement awards.

Titling Class Rules & Descriptions

One or more titling classes may be held at this event to test development of competitor skills and training and handling at different experience levels, as described in [Chapters 3–12 of USDAA Official Rules & Regulations](#), which are incorporated here in their entirety by reference. These can be reviewed and/or downloaded from www.usdaa.com/regulations/usdaa-rules-and-regulations.cfm. Following are informational notes that are included in more detail in the regulations referenced above:

Veteran Classes

One or more veteran classes may be offered at this event. Previous experience in the sport sufficient to establish proficiency and confidence in performance is strongly encouraged as course challenges are presented at the Masters level.

- Veteran Classes are open to a competitor with any dog that is at least eight (8) years of age as of the first day of this event.
- A dog entered in a Veterans titling class on a day may not be entered in that same class in the Championship or Performance Programs. Complete program rules can be found in [Chapter 9 of USDAA Rules & Regulations](#) referenced above.

Pairs Relay—Combined

Pairs Relay titling classes are held on a "Combined" basis within each program, meaning that experienced dogs (Masters and/or Advanced levels) can be pair with dogs working in lower class levels (Advanced and/or Starter level) and vice versa for titling purposes. Competitors with dogs in the same program and level may also enter together. Qualifications earned count towards titles at all levels within a program.

- When offered, Pairs Relay will appear on the Entry Form and Class Schedule as "Combined Relay".
- This combined approach to Pairs Relay is in keeping with a primary purpose of the Relay class in promoting camaraderie in working a course with a partner (amendment to regulations effective April 2020).
- A Combined Relay class is run on an Advanced level course and scored under Advanced level rules, and the Qualification is valid for any level title within a program.
- When entering a Relay class, simply complete the form marking the appropriate Program and list a partner of choice by including the owners name and their dog's registration number.
 - Alternatively, you may enter as a "draw" team when you do not have a partner and are willing to run with others. Your partner will be drawn from other draw entries at any level in the same program.
 - A group may pair a competitor with an "accommodating dog" (i.e., one who is not entered in the class) when an odd number of competitors are entered, but the group is not required to do so. In this latter case, a refund of entry fee will be made.
- When a second offering of the class (indicated "2nd run" on the Entry Form) is to be *run on the same course*, each handler runs their chosen portion of the course, and immediately following the first run, competitors run a second time with each running the other section of the course previously run by their partner.

Mixed-Height Pairs Entry Allowed

Dogs entered as partners in pairs relay at this event may be combined without regard to jump height, i.e. a mini dog may be entered as a partner with an open dog. Any pair consisting of at least one open dog must qualify in accordance with the QCT set forth by the judge of record for Open Pairs AND will be considered an open pair for placement purposes.

Masters Challenge Program Titling Classes

All dogs - regardless of level of competition - are eligible for entry in the Masters Challenge classes and to earn qualifying scores. These qualifying scores will remain on the dog's record and calculate toward Masters Challenge titles once the dog achieves the Masters Standard / Masters Performance Standard and Masters Jumpers / Masters Performance Jumpers titles.

Additionally, these dogs continue to be eligible for their appropriate level in the regular classes at all levels, unless stipulated otherwise in the Agility Test Schedule. Competitive placements in the Masters Challenge Standard and Jumpers classes accumulate points for annual ranking for Agility Top TenSM and Performance Top TenSM.

In the event of a larger entry, fault limits may be set at the discretion of the Organizing Committee and/or Judge without pre-event notice.

Statement of Responsibility

Competitors alone are responsible for the behavior of themselves, their dogs, children, and guests. A competitor whose dogs, children or guests create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior may, at the discretion of the Event Organizing Committee, be asked to leave the test site.

Prohibitions on Aids & Devices

No leads, collars, food, toys or other aids or devices shall be permitted on the course at any time, except as provided for in Chapter 10 when Intro Program classes are offered, or in Chapter 8 when Junior Handler Program classes are offered.

Fix & Continue Will Be Allowed At This Event

The USDAA Policy Statement on Training in the Ring or "Fix & Continue" has been adopted for this event and is hereby incorporated in its entirety by reference. Competitors are expected to familiarize themselves with this policy, which can be found on the USDAA web site at [Official USDAA Policy Statements](#)

Fix & Continue during a competition run generally provides for repeat of an obstacle at handler's discretion under conditions set forth in the Policy Statement. When discretion is exercised to utilize the Fix & Continue, their score will be recorded as an elimination and the maximum course time set to 60 seconds. This practice may be utilized only once in any Standard, Jumpers, or Relay class (including similarly-styled tournament classes at qualifying events). The competitor must continue working the course in flow, while "fixing" and "continuing" on the course. See the Policy Statement referenced above for complete details.
